OFFICE OF The Deputy Commissioner,
Bangalore District,
Bangalore.

No. M4-364/41-42.
Encls. One Statement & 1 copy of report.

Date 23th May 1942.

To

J. Appaji Gowda, Esq., B.A., (Hons)
Secretary to the Government of Mysore,
General Department,
Bangalore.

Sir,

Subject:- Jalahalli Camp sites and the Indian Institute of Science - prohibition of wet cultivation within half a mile belt during 1941-42 - compensation for -

In continuation of my letter of No. B4-5007/40 dated 27-6-1941 and with reference to para 3 of your letter dated 3rd July 1941 (vide copy sent to this office with memo No.G. 97-8 Mily. 87-40 dated 3rd July 1941) to the Residency on the above subject, I have the honour to state that at the instance of the Military authorities, wet cultivation within half mile belt from the Military camps was prohibited completely during 1941-42 in order to prevent malaria. The Civil Officer, Bangalore and the Amildar, Bangalore North Taluk, inspected in January and February 1942 all the lands within the prohibited zone in order to assess compensation to be paid to the atchkatdars who were affected by this prohibition order. Some of the ryots are reported to have raised dry paddy crop and also the usual wet crop at the tail end which did not come up well as no water from Mattikere and other tanks was allowed through the sluices for irrigation purposes. There were also some lands in which no crop was attempted owing to the strict orders of prohibition. No compensation has been recommended to the ryots who voluntarily allowed the lands to lie fallow during the year. Partial compensation has been claimed for those who got partial crop while compensation at the maximum rate of Rs.35/- per acre has been claimed in cases of total prohibition of wet cultivation.

2. Based upon the above principles, the Civil Officer has submitted the enclosed statement showing the compensation payable to the atchkatdars on this account for the year 1941-42. A total compensation of Rs.2,932-14-0 is claimed which may kindly be arranged to be paid early.

P.T.O.

3. If similar prohibition is necessary for the duration of war, the ryots will have to be appraised of the fact before hand and the wet cultivation prevented. Orders of Government may kindly be obtained early in this behalf before the next cultivation season.

I have the honour to be,
S i r,
Your most obedient servant,

BS Srinivasaiah

gvm/-3-

For Deputy Commissioner,
Bangalore District.
(Absent from Station)

Letter No. B 1-682/40-41, dated 30th April 1942, from the Sub Division Officer and Civil Officer, Bangalore Sub Division, Bangalore, to the Deputy Commissioner, Bangalore District, Bangalore.

---

Subject: Indian Institute of Science and Jalahalli camp sites prohibition of wet cultivation within half a mile belt -

---

With reference to correspondence ending with your memo No. M 4-249 of 1941-42 dated 12th July on the above subject, I have the honour to state that at the request of Military authorities, wet cultivation within half a mile belt from the Military Camps was stopped completely during 1941-42 in order to prevent Malaria. A detailed inspection of the lands was made in January and February last both by myself and the Amildar to assess the amount of compensation to be paid to the patchkatdars who were affected by this prohibition order. Some of them had raised dry paddy crops and also the usual wet crop at the tail-end which did not come up well as no water from the Mattikere and other tanks was allowed through the sluices for irrigation purposes. There were also some lands in which no crop was attempted owing to the strict application of the order. In a few cases, lands had been left fallow on account of continuous neglect on the part of land-owners. This fact was ascertained with reference to the previous years' Pahani accounts and no compensation has been recommended in such cases now.

Taking all these factors into consideration, a statement of compensation payable to each owner of the land coming under the prohibited area, allowing only partial compensation to those who got some crop, has since been prepared and enclosed to this report. The maximum compensation allowed per acre of wet land where total prohibition was applicable is Rs. 35/- as already reported and on this basis, the total compensation payable for the year 1941-42 comes to Rs. 2,932-14-0 which may kindly be arranged to be paid early.

If similar prohibition is also necessary for the duration of war, the ryots will have to be appraised of the fact and the wet cultivation prevented. Early orders are also requested on this point before the next cultivation season.

S i r,

INDIAN INSTITUTE OF SCIENCE & JALAHALLI CAMP SITES.

I am directed to refer to the concluding paragraph of this office letter No.Pol.52/Mily.255-40-7 dated 8th July. 1941, on the above subject, and to state that it is reported by the local officers that in respect of the lands in question some of the ryots have raised on some of the lands dry paddy crop and also the usual wet crop at the tail end which did not come up well as no water from the Mattikere and other tanks was allowed for irrigation purposes. There were also some lands in which no crops were attempted to be grown owing to the prohibition of wet cultivation, while certain other lands were voluntarily allowed to lie fallow by the ryots. No compensation is proposed to be paid to the ryots who allowed the lands to lie fallow of their own accord and partial compensation is payable to such of those ryots who have raised partial crops. In cases of total prohibition, compensation at the maximum rate of Rs.35/- per acre is payable. A statement received from the Civil Officer, Bangalore, indicating the compensation payable to the ryots concerned, on the basis referred to above, is sent herewith for favour of arranging early payment of the total compensation, viz., Rs.2,932-14-0 (Rupees two thousand, nine hundred and thirty two and annas fourteen only) payable for the year 1941-42.

In this connection, I am also to request you to intimate if similar prohibition is necessary for the duration of the war, so that the ryots may be apprised of the fact in time before the

P.T.O.

commencement of the next cultivation season.
